Firm Overview - Here to help your Business

THE FIRM

Sheehan Phinney is a full-service regional law firm providing a broad range of sophisticated legal services to clients in traditional and emerging areas of law. Our diverse client base includes local and regional businesses, institutions and municipalities, as well as national and international businesses with interests in the northeast.

With offices in the major business centers in New Hampshire and Massachusetts, our firm is strategically positioned to serve this thriving part of New England.

HOW WE PRACTICE

Our goal is to understand and pursue our clients' ultimate business objectives - a simple concept, but one that we never take for granted. No matter how many times we have worked in a particular area, we know that each client's needs are unique. For more than 70 years, understanding our clients' businesses and helping to identify and define their best approaches to a problem has earned us the trust, confidence, and loyalty of our clients, who rely on us not just as their lawyers, but as their counsel.

WHY SHEEHAN PHINNEY?

Clients come to us for the depth of our expertise and the longstanding and trusted relationships we have cultivated within the business community and at all levels of government throughout New England.

Our clients also benefit from our affiliation with the Sheehan Phinney Capitol Group, which offers government relations and legislative lobbying services throughout New England and in Washington, D.C.

Finally, our membership in *Lex Mundi*, the premier international network of top law firms, ensures that we can provide our clients with seamless and immediate local legal representation to advance their business interests in any city around the world.
