Family Law

The dissolution of a marriage is a trying time. There are many issues that arise, it is imperative that knowledgeable counsel be retained.

Understanding parental rights and responsibilities, as well as laws regarding estates, taxation and other ancillary issues, is critical to obtaining a successful outcome. Sheehan Phinney is on the cutting-edge of family law issues and complex divorce proceedings.

Our firm has a solid foundation of expertise and achievement in the following services:

- Pre-divorce counseling and planning
- Prenuptial/postnuptial agreements
- Property settlement agreements
- Annulments, separations and divorce
- Child custody, support, access, and visitation
- Alimony
- Restraining orders
- Relocation
- Enforcement issues

In addition, we provide mediation services as an alternate method of resolution. This non-adversarial process can often lead to settlement with less acrimony than a trial.

Our attorneys understand New Hampshire's divorce and family law-related issues. In addition, our firm has some of the most knowledgeable taxation and estate attorneys in the state to provide comprehensive counsel and advice.
